

60% of the homes lost in the Fourmile Canyon Fire were underinsured?

Is your home adequately insured?

Please come to one of the following workshops to learn:

- Easy to use tools, tips, and resources to assure that your home is adequately insured.
- How to avoid the most common gaps in insurance coverage.
- An accurate range of per square footage costs to rebuild in the mountains west of Boulder.
- What Fourmile Fire Survivors wish they'd known about insurance before they lost their homes.
